EDUCATION

Bachelor of Science — Computer Science (Artificial Intelligence)

09/2025 — Present

University of Gujrat, Gujrat
Current CGPA: 3.36/4.00 · Coursework:
Programming Fundamentals, OOP

Intermediate (F.Sc. — Pre-Medical)

2023 — 2025

Faran Boys Higher Secondary School, Pir Mahal ·
BISE Faisalabad
82% Marks | Honhaar Scholarship Recipient

Matriculation (Science)

2021 — 2023

Government High School No. 1, Pir Mahal · BISE
Faisalabad
92% Marks

INTERNSHIP

Generative AI & Front-End AI Engineering Intern

Arch Technologies & FlyRank Corp.
July 2026 — August 2026 (8 Weeks & 6 Weeks)

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Artificial Intelligence student and Full Stack Web Developer with strong expertise in software development, Generative AI, and modern web technologies. Skilled in designing and developing responsive web applications, integrating AI-powered solutions, and managing databases using MySQL, Firebase, and Supabase. Proficient in problem-solving, analytical thinking, teamwork, communication, and project management, with a strong commitment to continuous learning and delivering innovative, user-focused solutions in fast-paced environments.

WORK EXPERIENCE

Arch Technologies

Jul 2026 — Aug 2026

Online Internship

- Selected as a Generative AI Intern at Arch Technologies.
- Participated in an 8-week Remote Internship and Training Program.
- Received structured training in Generative AI concepts.
- Gained practical exposure through hands-on learning activities.
- Worked under the guidance of the AI team at Arch Technologies.
- Gained practical experience following industry-standard development practices.

FlyRank AI

June 2026 — Aug 2026

Online Internship

- Selected as a Front-End AI Engineering Intern at FlyRank.
- Participated in a 6-week AI Engineering Internship Program.
- Worked on AI-powered front-end application development.
- Built responsive user interfaces using modern web technologies.
- Integrated AI capabilities into front-end workflows.

MERN Stack Workshop Trainee

July 2026 — Sep 2026

University Of Gujrat

- Participating in hands-on training covering the MERN Stack (MongoDB, Express.js, React.js, and Node.js).
- Developing full-stack web applications using React for the frontend and Node.js/Express.js for the backend.
- Working with MongoDB for database design, CRUD operations, and data management.
- Learning RESTful API development, authentication, routing, and project deployment.

Web Developer (Personal Projects)

Jan 2024 — Present

Self-Employed

- Designed and developed responsive websites using HTML, CSS, JavaScript, React, and Tailwind CSS.
- Built full-stack web applications with secure authentication and database integration.
- Developed AI-powered productivity tools and portfolio websites for learning and demonstration.
- Deployed applications on Vercel and managed source code using GitHub.

Full Stack Web Developer (Personal & Academic Projects)

June 2025 — Present

- Designed and developed responsive web applications using HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB.
- Built AI-powered tools, portfolio websites, and productivity applications to solve real-world problems.

Online Work (Google AdSense)

Online

- Managed and optimized Google AdSense accounts to improve ad performance and revenue.
- Implemented ad placements and responsive ad units across websites for maximum visibility.
- Monitored key performance metrics including Page RPM, CPC, CTR, and estimated earnings.
